If I could give more than 5 stars I would.

I first discovered Christopher accidentally in the spring of 2009. We were looking for a lawyer to help us navigate the complicated process of an American marrying a French citizen. There were tons of forms and processes and we didn't want to get stuck up in a bunch of red tape waiting on work papers, travel documents, etc.

After speaking to a few lawyers I didn't feel at all comfortable that our needs would be met.

Then I spoke to Pavel at Kerosky & Associates. He was clear, concise, helpful, knowledgeable and made me feel secure that this was the office to use for this process. We were on a very tight time-line and had a lot of paperwork to process in a few days, but this wasn't an issue at all. Everything was processed and completed in an efficient timely manner.

Christopher himself was OUTSTANDING. Not only did he get everything squared away and submitted properly to the US government, but he prepared us for everything coming down the line. We met with him prior to our meeting with US Immigration and he accompanied us to our meeting. He even knew the case officer we met with.

Christopher was calm, personable and amiable, with a warm smile every time we met. When you're lost in a complicated process you don't understand, these attributes are a major bonus!

We started our search the last week of April 2009. We submitted all forms first week of May 2009. Typically this process can take up to 6 months to get everything squared away. By the beginning of July we had the work permit and travel visas. In mid-August we had our meeting with US Immigration. We walked out of that meeting with my wife being approved as an resident alien and on the road to a green card. I can't say that this all went so smoothly and quickly simply because we used Christopher Kerosky (I was not expecting everything to be completed in under 4 months!), but I will say that if I had to do it again I wouldn't hesitate to use them again.

HIGHLY RECOMMENDED!!!

Many accolades to Christopher and his staff. They were most helpful in my recent green card immigration status. Every detail was handled both professionally and efficiently. The process was completed in less than six months and we owe the positive outcome to Christopher's experience and guidance. We highly recommend the Law Offices of Kerosky and Associates.

I had the chance to meet Christopher Kerosky around four years ago when I was Consul General of El Salvador in San Francisco. During this time, he and his office offered their legal expertise and experience to the Salvadoran community by addressing them weekly and offering them his experience, knowledge and professionalism gained over 25 years, in civil and immigration matters.

I think he is one of the finest litigators in the Bay Area that keeps up with the latest trends in immigration law, letting him develop good relationships with other local Latin American Consulates and their communities.

From your first conversation with Chris, you immediately become aware of his integrity and commitment, and moreover, the passion he exudes for his work. Staff at his office is not only knowledgeable but courteous and attentive. I fully recommend Christopher Kerosky to anybody with complicated and difficult immigration problem. His interest and passion for helping people with immigration problems makes him and his whole staff special. No wonder why he's been honored as one of the Top Attorneys in Northern California, San Francisco Magazine "Super Lawyers" Edition for the past four years.

I found the website "Kerosky & Associates" when I became engaged and needed an attorney I could trust with handling our case. After meeting with a number of attorneys, I met with Chris and immediately felt comfortable and knew I was in good hands. He and his team were always there to answer our questions and assure

us throughout the whole process. This month my wife and I are celebrating our first wedding anniversary!!! I highly recommend him as the BEST attorney to handle such important matters.

I am extremely happy with Kerosky & associates' services. They did a great job helping me to get a O-1 visa 2 years ago and to become a permanent resident of the US this year. Pawel and Hanna were in charge of my case. They were always very helpful ,supportive, and reliable . I showed up several times in their office without making an appointment , and there was always someone there to help me and to answer my questions. I am so thankful my case was in their hands. I would definitely recommend Kerosky & associates for immigration purposes.

We were referred by personal friends to Kerosky and Associates. Everything with Kerosky and Associates went smoothly! They are very professional and they took

care of our needs immediately. We had no problems during our immigration case. We would recommend this firm to anyone in the future. I would recommend using this firm instead of taking the challenge alone. This challenge alone could of been real rough - trust me.

Chris Kerosky and Associates handled work visas and green card applications for a couple of my employees from Latin America, and I am content to report that the process went very smoothly.

Chris was able to give me a solid overview of what the paperwork would entail, answered all my questions thoroughly, and gave me a very good understanding of the whole process. I am very confident in his abilities, as well as the abilities of his staff.

Everything got done on time and in order.

I would definitely go to Chris for any other immigration help in the future, I received excellent service from him and his office. He brings many years of experience to the table, and I trust his judgment and insight

Woohoo! As good As It Gets!

I read an article once touting Christopher Kerosky, Esq. as a "Super Lawyer". We'd also had relatives who'd retained him, and sang his praises with such warmth & confidence ~ we *had* to find out if this guy could help *us* with an insurmountable legal episode in *our* lives.

We weren't sure how things might turn out, but from our first meeting we were confident and much more comfortable with how our legal status was being handled.

Once some waiting was done (for an appeal) we got to see him "in action" in the courtroom ~ WOW!! Now I *know* that somewhere in my life I must've done something good! He's nothing short of a wizard really! This guy covers so many bases in his initial groundwork, that if one strategy falls through, he has already set up several other positions from which to spring. He's pretty darn gifted if you ask my Husband or me; doing this work awhile ~ between 20 & 30 years I think ~ he is thorough and compassionate, communicative and bright (his principles are so intact that he won't even *listen* to gossip), and he offers all of his experience for a modest outlay of cash.

Now *here* is a man who is impeccable with his word!

This rare character is also imbued in his "associates" ~ from receptionist to paralegal; Hisae Oyamatsu is the bright, thorough young woman we worked with most. She always came to the rescue with e-mails & reminders of what we needed to have available for the Court and for the various Immigration agencies we all must deal with - THANK YOU HISAE!! My Husband is now a permanent resident - and our life couldn't be more complete....Thank you Hisae!!
. and thank you Mr. Kerosky!

Christopher Kerosky has over 20 years of practice as well as numerous law awards through out his career. This is something most people know about Christopher and his office. We had an immigration case that no other immigration lawyer would take. Moreover, consulting with at least six other, highly recommended lawyers, we had absolutely NO solution. We had straight deportation case with very limited time and no options. I had an impression that every other lawyer just wanted to have clean and sure case with little paper work to file. I totally understand they didn't want to deal with US Immigration and Customs Enforcement. The only fact that this is a Federal Agency, which means they are right by default, would leave little to none chances to win the case. We'd like to bring our deep appreciation to Christopher and his office, and would absolutely recommend his services to anyone seeking legal help. We would also thank Wilson Purves and Svetlana Sherenova for great assistance. As of personal experience working with Christopher, he was very ethical and professional. He was very truthful in all possible outcomes, which might not always be desirable. Very flexible and responsive, personal approach to the case. I wish everyone to avoid legal issues, but if you got any, I would recommend "Kerosky & Associates" as a first choice.

I met Chris Kerosky for the first time late last year, within minutes he understood my position and what the next step was to take. I'm a winemaker in Napa with some particularly challenging positions and Chris has so much expertise in his field that he can advise right off the cuff. If there is any need for any attorney representation that I could need or recommend to a friend it would be Chris without a doubt!!

I met Christopher and associates a year ago to obtain green card status. I was very nervous and was not sure how to go about it. Upon my first meeting with him, he put me right at ease. He and his staff were always professional but personable and guided me step by step through the process. At every stage of the process they were on top of what needed to be done. I always felt I was in good hands. The final step went extremely smooth and I owe it to Christopher and his staff.

I have no hesitation in recommending Christopher to anyone looking for a skilled corporate and immigration attorney. Chris has the extraordinary combination of legal expertise (20+years) in immigration and litigation and an unwavering ethical compass. I know of many immigrants that Chris and his firm have helped through the difficult and stressful process of getting residence here. He and his staff care about their clients and it shows in the work they do!

Trying to sort through my immigration situation I met and consulted with many attorneys in San Francisco Bay Area. Most attorneys were adequate and moderately helpful but nowhere have I found such high degree of professionalism, knowledge, efficiency and true commitment to client's success. I quickly realized that I was lucky to have found Mr. Kerosky as my attorney.

Firstly, Mr. Kerosky is one of the most knowledgeable immigration attorneys out there. If there is a nuance or an exception or a change to the recent law - he knows it and understands how it works. I was very impressed with the depth of analysis of my case presented by Mr. Kerosky and the options available to me that that I did not think existed.

Secondly, I am very impressed by the quality of relationship Mr. Kerosky's firm builds with its clients. They operate with the work quality of a larger firm, but still maintain the personal attention to clients. I always know that even though Mr.Kerosky has many clients, he will always take the time to speak to me personally.

Finally, Mr. Kerosky is just a very- very good lawyer. For many people trusting their immigration case to an attorney is often like trusting that attorney with their

future. Mr. Kerosky will make sure that you achieve your immigration goals.

Chris Kerosky and Associates are an outstanding team of professionals. Highly recommend.

I became a client of Kerosky & Associates in 2007 when I first met Mr. Kerosky and Mr. Pawel Trela, one of his associates. I was referred to Mr. Kerosky by a friend of mine. I felt very nervous going there for the first time, but when we started talking I became very comfortable and at ease. Everything was clearly explained to me in "normal" language, not confusing legalese. Mr. Kerosky and Mr. Trela answered all my questions and explained all my possible options. I feel comfortable calling or e-mailing them with any legal questions that I have. The whole staff at Kerosky & Associates is very nice and accommodating, but Mr. Trela has been especially helpful. Thank you Pawel!

I am so glad I chose Kerosky & Associates - it was an excellent decision. I would highly recommend them to anyone!

Mr.Kerosky is by far the best, most knowledgeable and understanding lawyer I have ever dealt with in my entire life. He is a top-notch professional that truly knows what he is doing every step of the way.

It's no secret that the source of our wisdom is our experience and by looking at Mr.Kerosky and his almost three decades of experience practicing law, you can count on it.

I've worked with Mr.Kerosky and Kerosky and Associates on a few different cases (green card, company formation) and all I can say is that I highly recommend this company and Mr.Kerosky in particular.

If you want peace of mind knowing that you have a magnificent professionals working on your side - choose Kerosky and Associates, you will never regret your decision. Period.

Christopher Kerosky came into our lives about two years ago... He has helped my husband and I tremendously!!! We were near giving up hope about our situation with immigration and Christopher did the unthinkable, my husband was in a deportation process because of a student visa situation when this all started and we did not think that this was going to work out for us and With Chris's help now my husband is about to get his green card.

When I think of Lawyers I usually think of them as scammers or folks who are just after your money. Christopher is/was far from that he is truly genuine and helped us through this painful and uncertain time in our life... He was persistent and instead of us worrying about our case he/Yelena did all the work they emailed and called us to update us on any new information and took care of all of the paper work.

I have Christopher and his awesome staff (Yalena) to thank for giving my husband a chance to have an opportunity in this country and to save my marriage and stay with my true love. Thank you Thank you Thank you sooooo much Christopher, you're awesome!!!

Thank you Christopher for all you have done... God Bless you.

I was addressed to Christopher Kerosky as to one of the Top Attorneys in Northern California. Though I'm always suspicious of such loud reviews - after meeting him in person I've made my decision to hire him. Plus, he didn't ask for incredible amount of money as usually lawyers do. His prices were very fair. He represented my case in immigration court and while working with him I got to know Mr.Kerosky as a deeply knowledgeable, reliable and very professional person. He was very approachable, helpful and easy to work with. He, and his staff of competent assistants did a great job and I highly recommend him to anyone who ever needs an immigration attorney.
