I read an article once touting Christopher Kerosky, Esq. as "The Super Lawyer". We'd also had relatives who'd retained him, and sang his praises with such warmth & confidence ~ we *had* to find out if this guy could help *us* with an insurmountable legal episode in *our* lives. We weren't sure how things might turn out, but from our first meeting we were confident and much more comfortable with how our legal status was being handled.

Once some waiting was done (for an appeal) we got to see him "in action" in the courtroom ~ WOW!! Now I *know* that somewhere in my life I must've done something good! He's nothing short of a wizard really! This guy covers so many bases in his initial groundwork, that if one strategy falls through, he has already set up several other positions from which to spring. He is pretty darn gifted if you ask me or my husband; doing this work awhile ~ between 20 & 30 years I think ~ he is thorough and compassionate, communicative and bright (his principles are so intact that he won't even *listen* to gossip), and he offers all of his experience for a modest outlay of cash. Now *there* is a man who is impeccable with his word!

This rare character is also imbued in his "Associates" ~ from receptionist to paralegal. Yelena Abubekerova is the quick & keen young woman we worked with. She speaks Russian (my Husband's primary language), and painstakingly explained everything *twice* ~ once to me in English, and again to him in Russian. She also came to the rescue with her talent in the document translation arena! Thank you Yelena!! And. thank you Mr. Kerosky! Sometimes you wish you had more legal problems just so you could enjoy the product some more! sometimes.

I thank God for the blessing of meeting the love of my life in Barranquilla, Colombia. I believe that everything happens for a reason. I've never been happier in my life and I am overwhelmingly grateful for the blessing of meeting my fiance Zoraida and Kerosky & Associates. Christopher Kerosky, Pawel Trela and the rest of the team offer quintessential class and professionalism. I feel privileged and honored to have entrusted my dream of happiness to Kerosky and Associates because I know I am in great hands. In 5 months I was mailed an approval letter of my future wife's fiance visa case number and with Kerosky and Associates I have no doubt I'll be walking down the aisle with her soon. I truly enjoy going to the San Francisco office of Kerosky and Associates where I'm greeted by Christopher Kerosky, Pawel Trela, and other of Kerosky's associates with a smile. Kerosky and Associates specialise in a variety of law and you can count that their professionalism and experience are top of the line. - Joel F. Martinez

My adventure with Kerosky & Associates started in April 2008. We were done on March 31st 2009.

My husband and I went to Christopher for a relatively simple case of family based green card.

As soon as we met him he made a very good impression: friendly ,nice and not that "lawyerish".I'm saying this as a compliment: i don't like lawyers, i don't think that anybody that is not a lawyer actually likes lawyers, but i have to admit that Christopher and his staff are very likable, friendly and more important in their job, knowledgeable.

I think the best thing about Kerosky & Associates are his assistants: Ewa was great and both my husband and I think that Pawel is pretty much the best thing that happened to us since our immigration adventure started: he was great, responsive and honest, he was telling us what he could do for us and what he couldn't without false promises and i can't repeat enough that he was actually responsive, which, let's be honest here, is not one of Christopher best qualities. Why four stars instead of five?

1) sometimes you would write to Christopher and no answer for like a week, but i would turn to Pawel and in a couple of hours i would have my piece of advice.
2)i had a tiny problem after my adjustment of status, not at all Christopher's fault, just crazy bureaucracy. I needed and additional paperwork to get my passport stamped and leave the country. I turned to Christopher for help,it was a Wednesday and he told me to let him know if i wouldn't have received this piece of paper by Monday, because he could help. Well... I call him on Monday and he told me that he can't actually do anything and we have just to wait. Which it would have been totally fine if he didn't tell me that he could help us in the first place.Bummer.

Overall good/great experience . The prices are reasonable, at least in our case. (\$2,500 for a green card based on marriage green card.2 rates \$1250 each) The office is super central, on Market in the City, cool place, cool people, I will use Christopher's team again. Plus I discovered that there is a magazine called Super

Lawyers, priceless.

My family and I are extremely thankful to the firm Kerosky & Associates for its legal services during a well publicized international case concerning our 'adopted belarusian daughter' Tanya Kazyra. Christopher Kerosky's unsurpassed immigration legal expertise and the professionalism of every staff member of the firm, were key to the happy result of the case. We are forever indebted to Christopher. We highly recommend Kerosky & Associates for any legal immigration need that you may have.

I became a client of Kerosky & Associates in 2007 when I first met Mr. Kerosky and Mr. Pawel Trela, one of his associates. I was referred to Mr. Kerosky by a friend of mine. I felt very nervous going there for the first time, but when we started talking I became very comfortable and at ease. Everything was clearly explained to me in "normal" language, not confusing legalese. Mr. Kerosky and Mr. Trela answered all my questions and explained all my possible options. I feel comfortable calling or e-mailing them with any legal questions that I have. The whole staff at Kerosky & Associates is very nice and accommodating, but Mr. Trela has been especially helpful. Thank you Pawel!
I am so glad I chose Kerosky & Associates - it was an excellent decision. I would highly recommend them to anyone!

When I became engaged and needed an attorney, I met with Chris and right away I felt very comfortable with trusting him in handling my case. As it turned out, I couldn't have made a better choice.
Every step of the way Chris and the team were there for us to answer any questions or concerns we had and always treated with courtesy and respect.

Now we are happily married and we are both very grateful to Chris, Yelena, Pawel and everyone there at Kerosky & Associates for all their help hard work and

support. THANKS GUYS!!!!

My experience with Kerosky and Associates was a memorable one. Their legal staff was very knowledgeable and helpful in my case. As an individual with little understanding of the legal system, their team made every effort to help me understand the steps they were taking in processing my case.

I would recommend Mr Kerosky and his staff to anyone who is looking for excellent service in immigration and related legal advice.

Thanks again.

Mr.Kerosky is by far the best, most knowledgeable and understanding lawyer I have ever dealt with in my entire life. He is a top-notch professional that truly knows what he is doing every step of the way.

It's no secret that the source of our wisdom is our experience and by looking at Mr.Kerosky and his almost three decades of experience practicing law, you can count on it.

I've worked with Mr.Kerosky and Kerosky and Associates on a few different cases (green card, company formation) and all I can say is that I highly recommend this company and Mr.Kerosky in particular.

If you want peace of mind knowing that you have a magnificent professionals working on your side - choose Kerosky and Associates, you will never regret your decision. Period.

If you want head aches, Tylenol, etc I suggest you go look elsewhere :)

My experience with Kerosky & Associates was extraordinary. On my first appointment Chris carefully explained my options and answered all my questions accurately. The firm helped me with obtaining J1 Waiver, changing status and getting my H1B. The staff, in particular Pawel and Ewa, were very professional and able to help. They kept me updated by phone and email. Without a question I would recommend Chris's services to friends and family.

Christopher Kerosky came into our lives about two years ago... He has helped my husband and I tremendously!!! We were near giving up hope about our situation with immigration and Christopher did the unthinkable, my husband was in a deportation process because of a student visa situation when this all started and we did not think that this was going to work out for us and With Chris's help now my husband is about to get his green card.

When I think of Lawyers I usually think of them as scammers or folks who are just after your money. Christopher is/was far from that he is truly genuine and helped us through this painful and uncertain time in our life... He was persistent and instead of us worrying about our case he/Yelena did all the work they emailed and called us to update us on any new information and took care of all of the paper work.

I have Christopher and his awesome staff (Yalena) to thank for giving my husband a chance to have an opportunity in this country and to save my marriage and stay with my true love. Thank you Thank you Thank you sooooo much Christopher, you're awesome!!!

Thank you Christopher for all you have done... God Bless you.

Belu and Abenezer

Mr. Krosky was recommended us as one of the best and fairest lawyer in the Northern California . We used his services in case of nonimmigrant status . Our case was hard and the situation seemed without way out , but Mr. Kerosky helped us to get the status and we still have the roof above our heads . The word "fair" is in his vocabulary and in his heart . Thank you , Mr. Kerosky

I was addressed to Christopher Kerosky as to one of the Top Attorneys in Northern California. Though I'm always suspicious of such loud reviews - after meeting him in person I've made my decision to hire him. Plus, he didn't ask for incredible amount of money as usually lawyers do. His prices were very fair. He represented my case in immigration court and while working with him I got to know Mr.Kerosky as a deeply knowledgeable, reliable and very professional person. He was very approachable, helpful and easy to work with. He, and his staff of competent assistants did a great job and I highly recommend him to anyone who ever needs an immigration attorney.

I do using Kerosky & Associates for our Immigration and Business law needs since 2001. Over years he delivered very personal and professional attorney services to myself and our business ventures. I would just want to say big "Thank You" to Christopher himself as well as to "Kerosky & Associates" and wish him to be in this business forever !
